CAREERS: OPPORTUNITIES, PHYSICAL DEMANDS, AND SAFETY

A variety of professional opportunities are available in the beauty industry. Hair designers, nail technicians, make-up artists, estheticians, massage therapists, instructors, platform artists, and careers in sales are just a few of the positions available for licensed professionals. You can have a lifetime of opportunities and success. (A more detailed list of career opportunities is available in the admissions office.) A career in the beauty industry will allow you to be creative and expressive. You can stay on top of fashion, style, and trends, by attending workshops and seminars. After proper training in business and management principles, you may own and operate your own business. Your success will be up to you. Your income is usually based on commission or percentage, which enables you to determine how much money you make. Visit websites www.redken.com, www.summitsalon.com, and www.opi.com for more information on careers in this occupation as well as www.bls.gov/OES, U.S. Bureau of Labor Statistics/Division of Occupational Employment Statistics for wage/salary information, and www.llr.state.sc.us Board of Cosmetology/Massage, regarding licensure and educational regulations as well as the Commission on Higher Education.

Like any other field you might think about, there are certain aspects of this industry you should consider before making your decision. You may be standing on your feet for long hours. You may have to work longer than 8 hours per day and on Saturdays. Some salons are even open on Sundays and at night. You will have to do your own janitorial work, (i.e., sweeping, cleaning, and washing towels, sanitizing implements). You may or may not get a lunch break.

As with most industries that are physically demanding, you must take safety

measures and precautions. You will learn proper safety techniques associated with salon/spa equipment. Using the required salon equipment is the liability of the student as well as the professional. In addition, you will study ergonomics and the necessity to practice proper posture and body position to minimize any long-term effects of the physical aspect of being in the beauty industry, particularly issues such as carpal tunnel syndrome.

Our staff is available to discuss in detail all aspects of a career in the wonderful, exciting, and ever-changing beauty industry.

Pivot Point Mindful Teaching Text

These are the total costs and fees of the courses offered at Strand College when the student purchases books and supplies through the college. The textbooks used at Strand may be purchased online at various places. A list of other supplies needed for each section is also available so the student may purchase their own at various places as well as online. There are no other required costs or fees by Strand College. The college will allow students to have a credit balance on supplies until financial aid is received should the student want to purchase needed supplies from the college. Over contract fees will occur if student does not graduate in the allotted time per their individual contracted course.

Each student will be required to sign an enrollment agreement before beginning school. This agreement is a contract stating the exact cost of the tuition of the course and Strand College refund policy (See Refund Policy). Students who are 18 and over may accept financial responsibility for their education. Students who are

under 18 are required to have their parent, guardian, or sponsoring institution present for signing. **ALL TUITION AND FEES ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.**

KITS/SUPPLIES

Strand College does have available texts and student kits for each curriculum. The student must bring to class all the needed textbooks and supplies to work with during the class day. It is the student's responsibility, not Strand College, to refurbish needed basic supplies to complete assignments and/or clients. Strand College will provide chemicals in the Student Salon for all students to use on their client. **Strand College is not responsible for loss or stolen items taken from student's kit/books, or any personal property.** The student is provided with a locker and recommends students to bring in locks. If the student elects to borrow or lend tools or other materials, it is the sole responsibility of the student owning the items to replace or repair all damaged or lost items within a 2-week period. Tools are to be kept in working order, sanitary, and property marked for identification. All tools are to be brought to the college daily. **If a student does not have their basic kit and supplies to complete assignments/clients, the student will be clocked out and sent home.** Electrical appliances, shears, and wax pot come with a manufacturing warranty if purchased from the College (Sam Villa, Shark Fin Shears, Satin Smooth, and Wahl). After that is the responsibility of the student to replace any tools that may break.

If a student withdraws, charges will incur for all supplies, mannequins, texts purchased by credit. The student has 30 days to come and obtain any items left. The College is not responsible beyond 30 days to store or maintain items from kits.

The College will supply various items for Student Salon/Spa Clients such as but not limited to, hair color, permanent waves, relaxers, protein straighteners, various Facial products and masks and other treatment products.

Various additional kits/supplies are available to the students upon student request to purchase, which include but not limited to specialized nail, esthetic, and LEVEL/Board Examination Kits. IF A STUDENT IS OBSERVED OR DEEMED TAKING COLLEGE PROPERTY FOR EXAM PURPOSE, STUDENT WILL NOT BE ALLOWED TO TAKE EXAM AND MAY BE DISMISSED

From time-to-time various educators and platform artists are brought into the college by product manufacturers to conduct special classes. Most of these classes are provided at no extra cost to the student. A few of the hands-on classes may require the student to purchase supplies to participate in the class. Any class that requires a fee is optional.

FINANCIAL ASSISTANCE/ FINANCIAL AID - DOE

Payment Plan

Generally, all fees are due on the day of enrollment. However, if the student can demonstrate that he or she is unable to pay the entire amount on the date of enrolment, payments may be able to be arranged to the satisfaction of the finance office and the student. Payments may be made by cash, check, money order, debit, or credit cards. A minimum of 20% of the amount due is to be paid as a down payment to start.

When the payment plan is agreed upon by the finance office and the student, there will be no finance or handling charges on this payment plan. If a payment is late (payment is considered late after 5 days.), the school will charge a late fee of \$20.00. If a payment is more than 30 days late, the student will be suspended, and the account will be considered in default and the entire amount owed to the school becomes due. All payments are due on the first day of each month unless prior arrangements are made and documented.

Veterans Benefits

Strand College of Hair Design is approved for Veterans Benefits. Students enrolled in the Cosmetology program who qualifies for veteran's benefits will be eligible for such benefits for all training provided on the college's premises provided they are enrolled in at least 25 clock hours per week. The Veterans Administration ultimately determines student eligibility, and it is the student's responsibility to apply for such directly with the Veterans Administration office. The student is responsible for paying the college's tuition fee according to their individual contract. The college is not paid directly by VA. The student will be responsible for making the payments. Once the V.A. has paid the student's tuition the contract is followed regarding refund calculations should a student withdraw. Any dispute regarding fees owed to V.A. is between the student and the Veterans Administration.

VA Pending Payment Policy: Student Rights and Responsibilities In the event the Federal Government is delayed with tuition and fee payments to the institution, for those students using Post 9/11 G.I. Bill® (Chapter 33) or Vocational Rehabilitation & Employment (VR&E, Chapter 31) benefits, students will maintain access to continued enrollment and all University resources. These include but are not limited to the library, access to the Student Services department, class attendance, and/or other functions to assure the academic success of the student. Students will not incur any penalty or late fees due to VA pending payments or be required to obtain additional funding to cover the cost of attendance. All students using Chapter 33 benefits must provide a copy of their Certificate of Eligibility (COE) to the institution prior to the first day of class. All Veterans using Chapter 31 benefits must also provide a valid VA Form 28-1905 from their VRC prior to the first day of each semester. Should the VA not provide a complete payment on the students' behalf, the student will be responsible for all remaining costs incurred while attending school. This could occur if the student has already received all their approved benefits, as there would be no remaining entitlement.

Federal Financial Aid Programs

Strand College of Hair Design does participate in Federal Financial Aid Programs, Title IV. Financial Aid is available for those students who qualify. Please contact the Admissions/Financial Assistance Office to obtain information regarding these programs. Further information and applications for Federal Financial Aid are available at www.fafsa.ed.gov or in the college's Financial Aid Office.

Return of Title IV Funds – (details of refunds Item 9 in Refund Policy)

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Direct Stafford Loans, PLUS Loans. **Determination Date/Withdrawal Date (Official/Unofficial Withdrawal):** The last date of attendance would be the last day the student was physically in attendance at the school. A withdrawal date for a student who had been previously attending could be up to, but not to exceeding, 14 calendar days from that student's actual last date of attendance. An active student officially withdraws when they notify the school's administrative office of their intention to withdraw from school. An active student is considered unofficially withdrawn when they have been absent for 10 consecutive school days (14 calendar days) from their last date of physical attendance without notifying the school's administrative office.

When you withdraw during your payment period the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parents received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of the scheduled hours in your payment period, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the scheduled hours in your payment period, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the

school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct loan funds that you would have received had you remained enrolled past the 30th day. If you receive (or your school or parent receive on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of your institutional charges multiplied by the unearned percentage of your funds, or the entire amount of excess funds. The school must return this amount even if it didn't keep this amount of your Title IV program funds. If your school is not required to return all the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period.

Any amount of unearned grant funds that you must return is called an overpayment. You must plan with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any Institutional Refund Policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return.

Return of Funds by the School

The school will make the refund determination within thirty (30) days from the date of withdraw/termination and return the unearned funds for which the school is responsible as soon as possible, but no later than 45 days after the date of student withdraw/termination.

The school must return the unearned aid for which the school is responsible by repaying funds to the following sources, in order, up to the total net amount disbursed from each source.

Title IV Programs Strand College offers:

- 1. Unsubsidized FFEL/Direct Stafford Loan**
- 2. Subsidized FFEL/Direct Stafford Loan**
- 3. FFEL/Direct PLUS (Parent)**
- 4. Pell Grant**

VETERANS ADMINISTRATION

Refund policy for students under Title 38, US Code: Strand College of HAIR DESIGN has and maintains a policy for the refund of the unused portion of tuition fees and other charges in the event a veteran or eligible person fails to enter the program (course), withdraws, or is discontinued from the program at any time prior to completion. Such policy provides that the amount charged to the veteran or eligible person for fees, kit, books, supplies and the tuition for the portion of the program completed shall not exceed the approximate "pro-rata" portion of the total charge for fees, kit, books, supplies, and tuition that the length of the completed portion of the program bears to the total length of the program enrollment time. Strand College must report any changes in attendance, satisfactory academic progress, as well as LOA's and consecutive absences to the Veterans Administration, per V.A. guidelines.

NOTE: Once a student begins classes, the Registration fee and the kit, books, and supplies charges are non-refundable.

SATISFACTORY ACADEMIC PROGRESS POLICY

This satisfactory progress has been established for all students at Strand College of Hair Design, and in accordance with NACCAS and Title IV guidelines as revised in Federal Regulations dated October 29th, 2010. The students in each curriculum, cosmetology, esthetics, massage therapy and bodywork, and teacher training will adhere to same standard in their program, to ensure their successful educational progress. Every student is provided with the SAP policy prior to enrollment. A student must have a minimum cumulative of 80% in attendance and 80% academics, as well as the practical grading sheet. All programs are on a 900-clock hour academic year. Cosmetology is a 1,500-hour program, Esthetics is a 600-hour program, Massage Therapy and Bodywork is a 650-hour program, and Teacher Training is a 750-hour program.

Calculation will be as follows:

Attendance = actual hours divided by hours the student could have received.

Academic = average of the written tests and practical work

Theory and practical tests are given in all phases of the curriculum. These tests are graded numerically based on a 100-point grading system, (A 100-93 / B 92-86/ C 85-80 / D 79-70 / F 69 and below). All practical work is performed according to progress sheets, mannequins, and customers. Some work may be graded Pass or Fail. Students have access to their evaluation of Satisfactory Progress at any time during their tenure as a student.

The cosmetology, esthetic, massage therapy and bodywork, and teacher training curriculums/programs are eligible to receive Title IV funds. Cosmetology students

are assessed at periods/increments 450, 900, 1200 actual clock hours in their educational program regarding maintaining Satisfactory Academic Progress. Esthetics students are assessed at periods/increments 300, 600 actual clock hours in their educational program regarding maintaining Satisfactory Academic Progress. Massage Therapy and Bodywork students are assessed at periods/increments 325, 650 actual clock hours in their educational program regarding maintaining Satisfactory Academic Progress. Teacher Training students are assessed for satisfactory progress at 375, 750 actual clock hours in their educational program regarding maintaining Satisfactory Academic Progress. Pell Grant disbursements correlate with the student's satisfactory progress assessment for those receiving Title IV Financial-Aid. Students are notified in writing of any evaluations that impact a student's financial aid. Students who meet the minimum requirements for attendance and academic performance are making satisfactory academic progress until the next scheduled evaluation. Students not in satisfactory progress at any payment period/increment review will be placed on Satisfactory Progress Warning until the next pay period/increment review. Students may re-establish successful Satisfactory Progress by either increasing their GPA and/or attendance to the required 80%. If the student exceeds the maximum time frame, they will not be eligible for more Title IV funding and will be permitted to continue on a cash pay basis. Students can receive Title IV funding while on warning status.

A comprehensive theory and practical examination will be given in all curriculums. For further information review Level Exam/Final Exam.

All practical and theory work for each increment must be completed with a minimum academic average of 80% and a minimum of chapter tests of a grade of 75 to take a Level Examination, Mid-term Exam, or Final Exam.

Incomplete course status, repetition, non-credit or remedial courses do not apply and have no effect on satisfactory progress standards. Students who drop, are terminated, or on an approved leave of absence and return to the college will return to the same status as when they left.

The on-time completion rate is based on the date on each student's contract, which has incorporated a 6% allowance for absences, which calculates to 90 hours, or 15 days on a 6-hour class day schedule. Five days or a total of thirty hours is the suggested maximum absences for each section of 500 hours. Students are allowed to make up hours missed due to absences based upon Strand College Make up Policy (See Make Up Policy). If a student is absent 14 consecutive days without notification or LOA documentation, the student will be terminated from the college by written notice. A leave of absence extends the student's contract period and maximum time frame by the same number of days taken in the leave of absence. The Maximum Time Frame (125%) in which a student must complete the educational course for which he/she is enrolled must be no longer than 1875 Lapsed Hours for Cosmetology, 937.5 Lapsed Hours for Teacher Training, 750 Lapsed hours for Esthetics, and 812 Lapsed hours for Massage Therapy and Bodywork.

Transfer hours accepted from another institution are included in this calculation. Transfer hours are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluations periods are based on actual contracted hours at the institution. The contract period will be extended by the same number of days contained in any applicable leave of absence and maximum time frame by the same number of days.

ATTENDANCE POLICY/MAINTENANCE OF RECORDS

Students are expected to attend class every day as per their contracted class schedule. Consistent class attendance is directly related to a student's academic progress in a positive manner. If a student is going to be absent or needs to be absent from class, it is mandatory that the student contact the administration before 8:30 am. Attendance will be monitored monthly as per SC Board of Cosmetology law for courses under this board. Students will be informed of their actual hours as well as hours missed, referred to as "lapsed hours". Students use the computer hand clock to clock in and out verifying attendance hours. The student is responsible for clocking and in out appropriately. At the end of each month the hours are reviewed with each student. The hours are then sent to SC State Board of Cosmetology for those courses under this board. If a student believes the hours are not correct or they have mispunched, it is their responsibility to notify their Instructor in WRITING by EMAIL prior to signing monthly hours reports.

The instructor will review the student's hours for the month per the request and notify the student of findings in WRITING by EMAIL. Once the student signs the hours in agreement NO further review will be done after submitting hours to the Board Office. Hours are maintained in computerized records.

Attendance Overview:

1. A student may be dismissed due to obsessive absences, and not attending their contracted class schedule.
2. When the student has missed 10% of their contracted curriculum a student may be dismissed from the college.
3. Students must maintain a minimum of 80% attendance rate to be in Satisfactory Academic Progress (SAP). SAP is checked at various stages of each curriculum. (See SAP for more details).
4. Any student terminated from the college must reapply and pay all fees for re-admittance after a thirty (30) day period. Re-admission into the college is not guaranteed and will be at the college's discretion.
5. Attendance (hours) and grades are reviewed monthly by instructor to student for all programs.

These students will be in advanced classroom/client settings with educators from various manufactures as well as local Instructors in salons that are part of Strand College Advisory Council. In order to stay in this program, the student must continue to display exceptional work ethics, attendance, technical skills, grades, leadership, integrity, positive attitude, and customer relations.

Failure for the 4th time on any part or full exam the student will be dismissed due to academic failure. If the student takes an unapproved LOA or fails to return by the documented date on the LOA form or the 181st day, the student will be dropped from the college. As this institution is required to take attendance, the withdrawal date for the purpose of calculating a refund is always the student's last day of attendance. - The accuser and the accused receive simultaneous notification, in writing, of the result of the proceeding and any available appeal procedures.
- The proceeding is completed in a reasonable prompt timeframe. The process allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
- The accuser and the accused are given timely notice of meetings at which one or the other or both may be present.
- The accuser, the accused and the appropriate officials are given timely and equal access to information that will be used during informal and formal disciplinary meetings and hearings.

The proceeding must be one that lacks hidden agendas and conditions, makes appropriate information available to each party, and is fair and clear to all parties. “Proceeding” is defined as all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

All parties will be informed of their rights during an investigation. Generally, sexual misconduct investigations will be completed within 60 days and protected class discrimination and harassment investigations will be completed within 90 days. Should any delay occur, all parties will be informed in writing as soon as is practical and will be notified when the results of the resolution process become final. The results will also be included in the college's annual crime report if necessary.

If the student feels they could benefit from counseling services from this type of event, Strand College of Hair Design will provide information to local support centers in the area.
